

The Sierra Madre News is the City of Sierra Madre in print. Any suggestion you may have to make it more representative will be welcomed by the management.

VOL. 16, NO. 25

## Leslie B. Henry Gives Masterly Talk at Dinner

Transforming a mud puddle to the clarity of filtered gasoline would closely resemble the mental process of those who listened to Leslie B. Henry's address on economic conditions, at the first community dinner given by the Chamber of Commerce Tuesday evening. The address was a masterpiece. Its equal seldom has been heard in Sierra Madre, either for fascinating interest or for logical development of any theme.

From the fruit cocktail to the ice cream, the dinner served by the ladies of the Woman's Club was a delight. About 75 guests were served. At the close of the dinner Mrs. J. N. Hawks sang a delightful number for which an encore was demanded.

In the absence of President Hawks of the Chamber of Commerce, kept at home by illness, Vice-President Sadler called upon Mayor Mitchell to preside over the program. Mr. Mitchell called attention to a few matters of public interest, especially the approaching election of city and school trustees, and the school bond issue. He then called upon Mrs. J. H. Wright to tell of the work of the Chamber of Commerce during the past year for the benefit of those who were not in touch with such matters.

Mr. Henry was introduced by Mr. Mitchell as a war time speaker who made it so easy for us to separate ourselves from money for liberty bonds that we were glad to welcome him to Sierra Madre again.

Mr. Henry said he hoped in time to live down that sort of a reputation, but took advantage of the opportunity to refer back to war time finance and economic conditions to lay the ground work for remarks on later developments.

### Economic Distortion

After the early process of appealing for money to equip the boys, when the whole industrial structure was thrown out of balance and prices of many things began to soar, it became necessary to back the boys in the trenches with supplies at whatever cost because the war must be won. The result was an economic distortion in which all former relations of price and value were forgotten.

This condition persisted long after the war. The sudden return to peace time pursuits meant a demand for commodities which were practically out of the market.

Labor was employed at soaring wages and the apparent purchasing power of the country stimulated unheard of inflation in all lines of business. When production caught up with demand, labor was gradually thrown out of employment, purchasing power fell off, business slumped and merchants and manufacturer found themselves loaded with heavy inventories acquired at top prices. Credits were frozen and business threatened with stagnation.

### Liquidation Process

With gradual readjustment of production it became possible to produce more cheaply and efficiently. Banks had been lending money to merchants and manufacturers on the high price basis. Under counsel of the Federal Reserve authorities they said to the borrowers, "You can replace your high priced inventories with similar goods at lower prices. Your security does not justify the loans we have made to you and they must be repaid. But when you have sold your present stocks at lower prices and repaid your loans, we will again lend

FRIDAY, MARCH 24, 1922.

## Two Candidates Are Named For School Trustee

Two candidates for the office of school trustee have appeared to date, although only one name will appear on the ballot. The candidates who have permitted their friends to advance their names are Dean William Carson Shaw and Thomas Henderson.

Dean Shaw's name will be the only one appearing on the ballot by reason of being the only one filed with the clerk of the board ten days in advance of the election as required by law.

Voters wishing to cast a ballot for Mr. Henderson or any other candidate will be required to write the name into the blank space on the ballot.

### The Candidates

Dean Shaw's friends urge him as a scholarly man of sound judgment, deeply interested in education of the best American type, and also interested from the standpoint of a parent.

Mr. Henderson's friends advance him as a thoroughly practical man who takes a keen interest in all public improvements. In view of the contemplated enlargement of the school property they are of the opinion that the district would be fortunate in securing his services. He also has a child in school.

The election will be held next Friday afternoon, March 31, at the school house. The polls will be open from 1:30 to 5:30 p. m. This is the last reminder that can be given to voters through the columns of the News.

The importance of that election cannot be overstated. It is to be hoped there will be a large enough vote to prove that Sierra Madre people are really interested in their school and the welfare of their children.

### City Election Nominations

Eight candidates for the office of city trustee have filed nominating petitions with City Clerk L. Dietz and their names will go on the ballot at the bi-annual election Monday, April 10th.

Candidates for the four-year term are:

W. W. Alley, 360 E. Central.  
Robert Mitchell, 58 E. Alegria.  
J. D. Sparks, 695 W. Central.  
Earl D. Topping, 695 W. Central.  
T. M. Webster, 101 Bonita.

Candidates for the two-year term are:

S. M. Karicofe, 86 E. Alegria.  
Louis Karpf, 375 E. Grand View.  
W. D. Richards, 503 Sturtevant Rd.  
All five of the incumbent trustees have been nominated for re-election. They are Chairman Mitchell and Trustees Alley, Karicofe, Richards and Webster. Messrs. Karpf, Sparks and Topping are the new candidates.

So far no tremendous issue has developed to indicate that the election will be anything but a personal choice from a list of exceptionally good material. But you never can tell.

### FIREMEN'S DANCE WELL ATTENDED

A good crowd attended the dance on the floor of the new garage building of Mr. Belohlavek Wednesday evening. The new building all lighted up, presented an attractive appearance, and the cement floor was prepared to make dancing a pleasure. Mr. Belohlavek received many hearty congratulations on the excellent provision he is making for enlarged business. Refreshments were dispensed by Mr. and Mrs. Tom Henderson, assisted by W. E. McCrary, whose real abilities as a chef were not called into use by the menu served. Everybody had a good time and a neat sum was realized for the Firemen's Club.

### APPRECIATES ARTICLE ON HIGHER EDUCATION

President James A. Blaisdell of Pomona College writes the editor of the News regarding the "Pertinent Comment" on the current problems of colleges such as Pomona, printed recently in the News. Dr. Blaisdell says:

My Dear Mr. Morgridge: That was a perfectly fine word that you said for us in the News. Nothing that has been written about the college has been put more accurately or intelligently, and your endorsement of the work we are doing will be of very great advantage to us. It was mighty good of you to take all that time and space in the interest of higher education and Pomona College. Some time I shall say this to you in person, but so much for now. . . . Won't you sometime come over here and let me show you the college and be my guest. Faithfully yours,

JAMES A. BLAISDELL.

you money with which to purchase more commodities at the new low prices and you can go ahead on a sound foundation."

This process of liquidation meant tremendous losses in many lines of business, especially to large corporations. But it was thorough and quite general, although some lines of business are still out of line. Labor also, he said, has not yet completed the liquidation process, especially railroad labor. The latter receives wages disproportionate to similar labor in other industries and offers one of the big obstacles to restoration of transportation conditions necessary for a sound economic system.

### Future Policies

Present conditions, Mr. Henry said, are fundamentally sound and promise well up to the point where production has overtaken domestic demand and we have a surplus of commodities. These must be sold abroad in markets yet to be created, or domestic chaos will result. We lost the great opportunity at the close of the war of winning the good will of the world and providing ourselves with foreign outlets for our products. We demanded payments in gold from foreign nations when they had little or no gold and we already had more than we needed. An intelligent foreign credit policy would have saved the situation, but it was prevented by senate obstructionists, and nothing is being done by a wooden headed congress to remedy the mistake. He believed President Harding would yet be able to force action which would save the situation.

Among the expedients recommended by Mr. Henry by ensuring economic safety was the cultivation of closer international relations and understanding by necessary treaties, arrangement of an adequate system of foreign credits to enable other nations to buy from us and take our surplus products, and the establishment of bonded manufacturing areas at principal ports of entry, where foreign raw materials can be brought for manufacture by American labor into products for export without tariff complications, or combined with American raw materials and imported with duty payable only on the foreign portion.

## Radio Music at Masonic Ball

Dancing by Wireless is Promised as Decided Novelty at Entertainment by Lodge

Music by radio for dancing is the rare novelty promised for the third annual ball to be given by the members of the Masonic lodge on the evening of Saturday, April 1. Arrangements have been made for the installation of a receiving set with magnivox so the music will be loud enough for dancing. This feature will be confined to the hour from 8 to 9 p. m. The affair will be held in the Woman's Club house and Fletcher's new orchestra will furnish the music for the rest of the evening.

It is announced the following past masters of the local lodge, with their wives, will act as patrons and patronesses: Mr. and Mrs. W. J. Lawless, Dr. and Mrs. R. H. Mackerras, Mr. and Mrs. J. D. Mackerras, Mr. and Mrs. C. J. Pegler. In addition the list includes C. W. Jones, Master of the lodge, and Mrs. Jones, together with all the subordinate officers and their wives.

### DREAM PICTURES COMING

Branson DeCou and his novel production, "Dream Pictures," will be seen and heard at the Woman's Club house on Saturday, April 8th. Ar. DeCou is said to have collected a wonderful lot of outdoor pictures and fitted to them a program of piano music by famous artists, reproduced by means of the Ampico and Knabe. The entertainment will be given under Woman's Club auspices and is arranged through the courtesy of A. F. Tanner & Co. of Monrovia.

Frederick D. Sperry gave the third and last of his Sunday afternoon musical teas on Sunday, at Dos Cedros ranch. Numbers were given by Chevalier Guerriere at the piano, Stella DeShon, the well known contralto who sang a few Sundays at the Church of the Ascension, Joan Westervelt, tenor of the California Opera company, Miss Gifford, mezzo of the Philharmonic, Madame Glory Bretherton, Signar Pellachotti and Charles King Clark, baritone. Mr. Sperry entertained his guests at a buffet supper later.

Mr. and Mrs. R. L. Robertson have returned from Wenatchee, Wash., and are residing temporarily with Mrs. Robertson's mother, Mrs. William Keith. They expect to locate permanently in Sierra Madre as soon as they can find property to suit them.

### JAYHAWKERS CALLED FOR PICNIC REUNION

All who ever lived in Kansas are called to meet under the auspices of the Kansas Association of Pasadena, for a great picnic reunion, all day, Saturday, April 1, 1922, in Sycamore Grove Park, Los Angeles. Come as early as you can and spend the day with friends.

## Lighting System To Be Extended

Frontage Signed up for Nearly All of 800-foot Addition on West Central Avenue

Ornamental street lighting will be extended more than 800 feet in the near future as a result of the campaign undertaken by the Chamber of Commerce for the West Central Avenue improvement.

Signatures have been secured from owners of nearly all the frontage between Baldwin and Auburn on the south and between Windsor Lane and Auburn on the north side. This will continue the row of lights which now extends west on the north side to the Sierra Madre garage corner.

In addition to the privately owned frontage on Central, lights will be installed at the three corners of the Pacific Electric station property. This has been agreed to by company officials and will fill out an important link which has been conspicuously missing from the system installed.

### Uniform Standards

Lighting columns to be installed will be uniform with those installed on the original contract, being the fluted column with a single globe on top. Connections are so arranged, however, that double or triple heads may be added later if it is desired to change the system.

### Frontage Cost

Total cost of the improvement, under specifications as drawn, will be \$1,181.75. As this has been apportioned on a frontage basis, the cost to the property owners will be \$1.40 a front foot. The cost of the first ornamental lighting installation was \$1.85 a front foot. It will be seen that the proposed improvement will be made at a substantial saving.

Work of securing signatures of property owners to the agreement to share the expense has been carried on chiefly by G. I. Farman, chairman of the lighting committee, Secretary DeWitt Jones, of the Chamber of Commerce, and H. E. Allen.

### FAREWELL AFFAIRS FOR EASTERN FRIENDS

Mr. and Mrs. Fred Hooker Jones of West Live Oak avenue entertained last Sunday in honor of the birthday of Mr. E. C. Robertson of Hinsdale, New Hampshire who, with Mrs. Robertson, has been spending the winter at the Hotel Leighton, Los Angeles. The guests included many from Los Angeles and Sierra Madre and each presented Mr. Robertson with a fitting gift for his journey home. Mr. and Mrs. Robertson have spent nearly every week-end in Sierra Madre and have also visited many points of interest in the Southland. Monday evening Mr. and Mrs. Jones gave a dinner for them at the Howell Terrace Apartments in Los Angeles, and many Los Angeles friends joined them to bid them good bye. They left Tuesday for San Francisco to visit for a while before starting on their homeward journey. They expect to stop at most of the larger cities en route, arriving home about the first of May. Mr. and Mrs. Jones accompanied them as far as Santa Barbara.

## Novelty Finds Ready Sale

Mrs. H. I. Hawxhurst Is Putting Work Basket Accessory on the Market

Exhibited in the windows of the Chamber of Commerce is a little article originated and made in Sierra Madre, destined to go all over the United States.

It is a novelty stocking darning, originated, designed and painted by Edith N. Hawxhurst, called the "Vamp-Darn-It." The name is copyrighted and the article protected by patent applications.

The story of this article is that of a Christmas gift made by Mrs. Hawxhurst for a friend. The latter so appreciated it that she suggested others be made like it and a market found for them. On March 28 three dozen of the "Vamp-Darn-Its" were sold to the buyer of one of the largest department stores in Los Angeles. Since then other stores have been supplied in gross lots so that they will be found on sale in the larger stores of Los Angeles and elsewhere and are rapidly taken hold of by the stores. When seen by the representative of one of the largest eastern art novelty concerns, he came to Sierra Madre to see Mrs. Hawxhurst and signed up for exclusive eastern territory, expecting to average for the beginning, a gross order a day.

Aside from its decorative value, the utility of the "Vamp-Darn-It" appeals to the prospective buyer. The smooth glossy surface permits the darning needle to ply back and forth readily, its lightness is adapted to a woman's work basket, and, above all, its white face shows the hole in a black stocking, the black hair vice versa.

"Vamp-Darn-Its" are exclusively sold by Woodson F. Jones in Sierra Madre.

### MRS. ELIZABETH BORGLUM PASSES AWAY AT VENICE

Word has been received of the death of Mrs. Elizabeth Borglum, which occurred on Tuesday at Venice, where she had made her home a number of years. Mrs. Borglum was well known as an artist and especially as a teacher of art. She was the first wife of J. G. Borglum, the sculptor, and they were among the early residents of Sierra Madre.

The Borglum home and studio was on the property now owned by E. C. Newton and, up to the time of Mrs. Borglum's removal a few years ago, was a center of interest for artists and art lovers from all over the world. In earlier years some of Mrs. Borglum's work was exhibited at the London and Paris salons. In late years she had won recognition with her depiction of fruit and California landscapes.

Sierra Madre people who attended the funeral services in Ocean Park were Mrs. J. A. Osgood, Mrs. E. W. Camp, Mrs. W. E. Farman, Mrs. L. Dietz, Mr. and Mrs. D. F. Morton.

Mr. and Mrs. F. P. Downie of the Metal Package Corporation of New York and the Sing Fat Company were visitors, Monday, of Mr. and Mrs. H. I. Hawxhurst.

## AW, WHAT'S THE USE

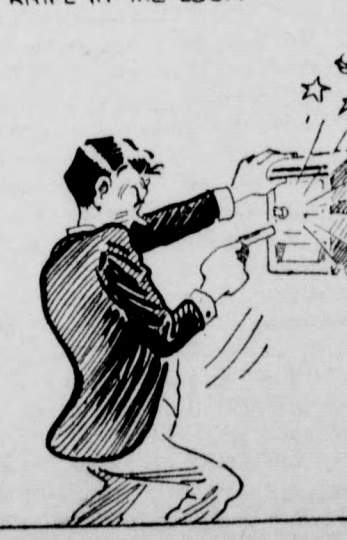

THE WIFE'S BEEN AWAY FOR SEVERAL DAYS AND YOU'RE AWFUL LONESOME. YOU GO TO THE MAIL BOX - AH, A LETTER!!

HAVING LOST THE KEY YOU TRY TO REACH IT WITH YOUR FINGERS - BUT NO LUCK

YOU BREAK YOUR POCKET KNIFE IN THE LOCK

YOU RUIN FRIEND WIFE'S JEWELLED HAT PIN

THEN - CHEERS! YOU HAVE IT AT LAST

BUT SHUCKS! IT'S A BILL!!

## Social Activities of the Week

Reported by Mrs. W. R. Lees

NOTE: Items for this column should be in the hands of the reporter not later than Tuesday evening to insure insertion and avoid inaccuracies. Items turned in after ten-thirty Wednesday morning will not appear in the current week's issue. Phone Green 79.

John Cox came home from San Fer-  
nando Academy to spend the week-  
end with his father, Frank E. Cox.

Mrs. H. Oswald of Santa Clara ar-  
rived Wednesday to visit for a month  
at the home of her brother-in-law,  
George Oswald, on East Central ave-  
nue.

Friends of Miss Ida Munsell will be  
glad to learn that she has improved  
in health sufficiently to enable her to  
return from the hospital in Los An-  
geles, and is residing at the home of  
Mr. and Mrs. Donald Tarr.

Mrs. S. L. Parks & Downey and  
Mr. and Mrs. Tom Mullins of San An-  
tonio, Texas, are guests this week at  
the home of Mr. and Mrs. G. A. Field-  
er, 46 W. Grand View avenue.

Mrs. W. S. Hull, Mrs. H. E. Allen  
and Mrs. Fred Griebenow attended  
Miss Mary Foy's Democratic luncheon  
at the Hotel Maryland in Pasadena  
last Thursday. Edward Hurley, war  
head of the Shipping Board, was one  
of the speakers.

Mr. and Mrs. J. F. Sadler were  
pleasantly surprised Sunday evening  
by the unexpected arrival of their  
son, Stafford, who came down from  
Oregon Agricultural College to spend  
his spring vacation.

Mr. and Mrs. Joe Stamps and little  
son, who are house guests of Mr. and  
Mrs. E. C. Newton, left this week to  
spend a week at Long Beach.

Influenza has hit the city hall force  
this week. City Engineer J. D. Mac-  
kerras failed to report for duty Wed-  
nesday morning and was still laid up  
Thursday. Marshal Udell was also re-  
ported off duty, being confined to his  
home with a sort of family "flu"  
party.

### SCIENCE LECTURE

#### WELL ATTENDED

John W. Doorly Explains Tenets of  
Christian Science at  
Club House

A good audience attended the lec-  
ture in the Club house Saturday eve-  
ning, given by John W. Doorly, C. S.  
B., of Boston. Mr. Doorly is a mem-  
ber of the Board of Lectureship of  
The Mother Church and the meeting  
was held under the auspices of the local  
Christian Science organization. A  
brief synopsis of the lecture follows:

Christian Science declares that God  
is an ever-present divine reality, who  
is ever available to His own creation,  
and is infinitely knowable. His pres-  
ence and power, Christian Science  
teaches, are essential to every right  
activity and consequently to all  
health, holiness or happiness, and to  
all true existence. God, Christian Sci-  
ence teaches, has nothing in common  
with materiality, but He and His cre-  
ation exist independent of supposition-  
al matter and its so-called laws. In fact  
Christian Science teaches that God is  
the source and cause of all that is  
true and, therefore, of true existence.  
God as Divine Mind

It is evident to anyone who has stud-  
ied the Scriptures closely that when  
Jesus declared God to be Spirit he  
was not declaring God to be some in-  
definite abstraction, but he was re-  
vealing and describing the most cer-  
tain, the most available and the most  
stable entity that could possibly be  
imagined.—Mrs. Eddy has once and  
for all taken this word Spirit out of  
the realm of mysticism and supersti-  
tion and placed it in the realm of rea-  
son and science by explaining that  
Spirit is really divine Mind, or is the  
infinite Intelligence which knows, and  
knows divinely or truly. It is certain  
that when Jesus used the term Spirit  
he meant divine Mind, for on one oc-  
casion he explained quite naturally to  
his listeners "the words that I speak  
unto you, they are spirit. . . ." (John 6,  
63). In fact infinite Truth, which in-  
cludes all divine mentality, is Spirit.  
Christian Science, therefore, teaches  
that God is divine Mind or Spirit and  
that divine mind is Love. As God is  
everpresent and omnipotent, the di-  
vine Mind which is Love must there-  
fore be the only Mind. Also divine  
Mind and its right mental activity  
must be omnipotent and irresistible.

The prayer of a Christian Scientist  
is his constant, conscious, unremitting  
mental desire to live above the mortal  
and in accord with the divine. It is  
his unceasing attempt to commune  
with the divine Mind, God, and so to  
utilize the true Science which reveals  
true existence, the true theology  
which inevitably delivers from sin,  
and the true healing power which al-  
ways heals disease. The Christian  
Scientist's prayer is his persistent  
daily and hourly affirmation of divine  
Mind's infinite presence and power,

Mr. and Mrs. J. W. Opie left Sun-  
day to spend some time at Catalina  
Island.

Mrs. Spencer Howard left the first  
of the week to spend a fortnight at  
the seashore to recuperate after an  
attack of the flu.

The Dickens Fellowship met on  
Wednesday at the home of Mrs. N. W.  
Tarr, on West Montecito Avenue.

Mr. John Barner of Los Angeles  
was a dinner guest on Sunday of Mr.  
and Mrs. C. B. Klunk.

Mrs. F. H. Hartman is expected  
home from the Pasadena hospital this  
week, where she has been, after un-  
dergoing an operation.

Last Saturday afternoon Oaneta  
Farmer, Dorothy Tourelle, Barbara  
Spencer, Hilma Rhodes, Marion Bar-  
rett and Beatrice Greenfield attended  
a luncheon given in honor of the  
twelfth birthday of Elizabeth Bell at  
her home at Pasadena Glen.

Last Friday evening the Eighth  
grade of the Grammar school enter-  
tained with a party in the kindergar-  
ten building. The affair was given in  
honor of the birthday anniversary of  
their teacher, Prof. Reynolds. A  
handsome gold pencil was presented  
to him by the class. The decorations  
were carried out appropriately to St.  
Patrick's Day, and the time was spent  
in playing games and dancing. Re-  
freshments were served to about  
forty.

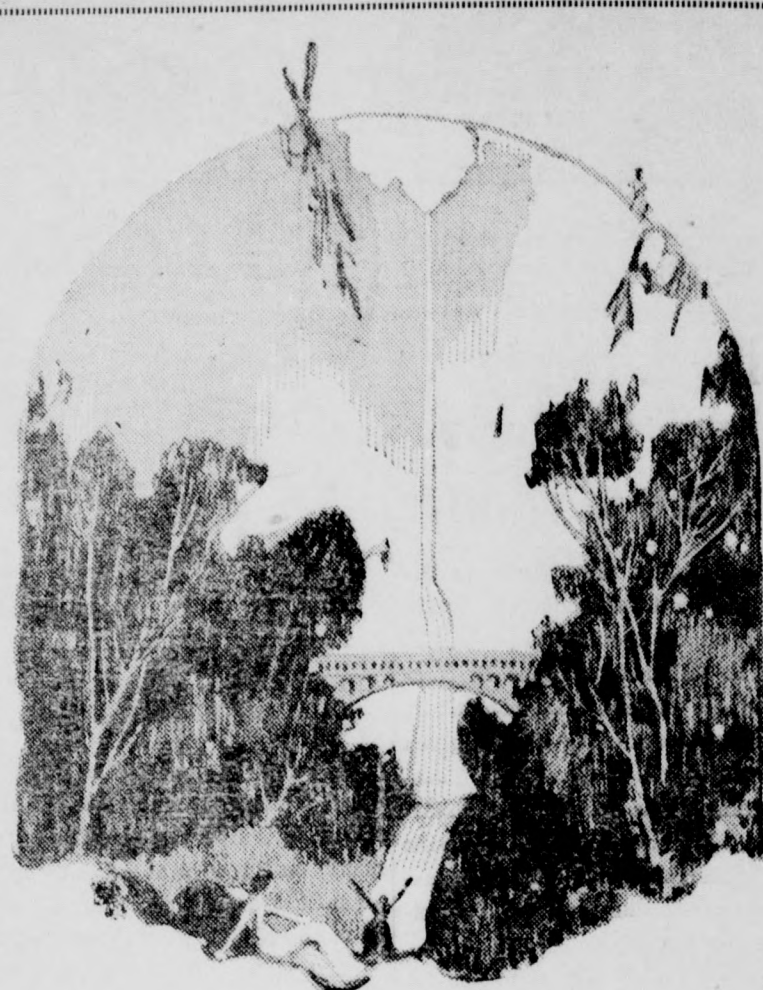

### NOTICE OF ELECTION

An election for School Trustee will  
be held the last Friday in March,  
(March 31) at the school house. A  
trustee will be elected for a term of  
three years. Polls will be open from  
1:30 P. M. to 5:30 P. M.

and of evil's nothingness. It is his  
increasing knowledge of God and of  
absolute spiritual being, and before  
this the so-called carnal mind and its  
falsities of sense, material existence,  
sin, disease, and death grow fainter  
and disappear. This is the prayer of  
which Paul speaks as praying without  
ceasing. True prayer is one of the  
tenderest, most certain, most scien-  
tific and most intelligent things on  
earth or in heaven. The Christian  
Scientist's prayer is, in fact, his spir-  
itual thinking and living, or his right  
mental activity. When a man thinks  
rightly he is expressing his true being  
as the likeness of God, divine Mind.  
Spiritual thinking is, therefore, really  
Immanuel, or God with us. Just as  
soon as a man recognizes that his con-  
stant right thinking and right living,  
or his right mental activity, that is  
his true consciousness, is indeed Im-  
manuel, or divine Mind, God, with us,  
he at that moment begins to under-  
stand why true prayer is infallible  
and is infinite in its ability to reveal  
divine facts which save and heal.  
Thinking divinely or having the Mind  
of Christ, is attaining somewhat to  
man in God's image, the true and only  
man, the man God made, the man who  
is forever an expression or emanation  
of God, to whom belongs dominion  
over all material things.

### Mary Baker Eddy

One earnest, consecrated thinker, a  
loving, lovable woman, Mary Baker  
Eddy, has accomplished these things  
for humanity in her day. It is not pos-  
sible for me to speak as I would de-  
sire of Mrs. Eddy and of all that I  
owe to her. If there is today any-  
thing that is good, that is pure, that  
is healthy, or that is God-like in my  
life, I owe it to the consecrated  
thought and life of Mary Baker Eddy,  
and millions are telling this same sto-  
ry. It is true that one only begins  
fully to appreciate Mrs. Eddy and her  
lifework as he understands and dem-  
onstrates Christian Science, although  
a great multitude of men and women  
who are not Christian Scientists have  
also recognized Mrs. Eddy's great  
contribution to the salvation of hu-  
manity. Mrs. Eddy not only discover-  
ed Christian Science, but as the result  
of years of struggle and toil she found  
ed it on a practical, demonstrable ba-  
sis. No forward step in this great  
Movement has ever been taken but as  
the result of her initiative and advice,  
and every step initiated by her was  
the result of deep and consecrated  
prayer. Christian Scientists regard  
Mrs. Eddy as God's messenger to this  
age, and they know that through her  
revelation many of them have been de-  
livered from sin and disease, and even  
from death. Think what this world  
of ours will be like when more of us  
are enabled and emboldened to put  
away our material theories and de-  
pendencies and to rely wholly on the  
divine Mind, God, operating in human  
experience through spiritual thinking  
or through true prayer. Then will sin

## Dream Pictures

Beautifully colored photographs of budding flowers, grand  
vistas, quaint villages; MacDowell's "To a Wild Rose," De-  
bussy's "Clair de Lune," "Ave Maria," by Schubert—these  
and many others are "dream pictures," which, accompanied by

## The Knabe with the Ampico

bring to all a greater appreciation of good music. Branson  
de Cou has chosen this supreme instrument, for it gives him  
the world's finest music faultlessly interpreted by the great-  
est living artists.

"Dream Pictures" will be shown in Sierra Madre April 8th  
at 2 p. m. in the Woman's Club house, under the auspices of  
the Sierra Madre Woman's Club.

## A. F. Tanner & Co. MONROVIA

## YOUR HOME BAKERY

is worth supporting. For years Sierra Ma-  
dre people bewailed the lack of a bakery,  
where they could get fresh bread, rolls and  
pastry.

Now you have one—why not support it?  
Sullivan's Satisfactory Bread has no super-  
ior. Ask for it at your grocer's.

Midweek Prayer Meeting, Wednes-  
day, 7:30 P. M.  
You are invited.

and sorrow vanish from men's  
thoughts, then will pain be stilled and  
the dread of disease be cast out, then  
will the lame man leap with joy and  
the leper be cleansed, then will war  
cease and the reign of divine Love be  
established. These very things are  
indeed being accomplished to some ex-  
tent today, but the harvest is still  
great and the laborers few. We  
Christian Scientists, therefore, long  
for the time when our fellow men and

women shall recognize the all-impor-  
tance of spiritual things and come to  
work and pray in this vineyard with  
us. Then will be fully established the  
reign of true Science, the Science of  
Christ, the true theology, the theo-  
logy of divine Mind, God, and the true  
healing, the healing through the un-  
derstanding of the complete spiritual  
facts of being; Then will all men  
gladly recognize that Mary Baker Ed-  
dy is indeed God's messenger.

## Woman's Club

(By Press Chairman, Mrs. Besse Palmer Rhodes)

### Regular Meeting

Miss Belle Smith, formerly manager of the Wild Flower Section of the Southwest Museum, will lecture on wild flowers at the regular club meeting, Monday, March 27, at 3 o'clock. This talk, coming from one whose research has necessitated living very close to nature, should be intensely interesting. The request is made that all members desirous of contributing to the success of this meeting either bring or send specimens of wild flowers.

The president of the board of directors of the Woman's Club, together with the press and membership chairmen, were guests at a breakfast given by the Southern California Civic League of Women Voters at the Friday Morning club house last Monday morning at 11 o'clock. The honor guest was Mrs. Maud Wood Park, president of the National League of Women Voters, who is making a trip through the country prior to the annual convention of the organization, which is to be held in Baltimore next month. Mrs. Park spoke on the work and plans of the organization and gave interesting stories of her personal experiences at Washington. A few words of greeting were expressed by Mrs. Herbert Hoover, another honored guest of the day.

The Sierra Madre delegation enjoyed an exclusive table at breakfast, during the course of which a pleasant surprise was perpetrated upon the president, Mrs. J. Milton Steinberger, by the presentation of a solid gold Federation pin, the gift of the ladies present.

### Monthly Dance

Just a reminder of the regular club dance this evening, Friday, the 24th, and a promise that the music will be furnished by an excellent new orchestra.

### Drama Section Enjoys Luncheon

Combining pleasure and business, the members of the Drama Section were most delightfully entertained at luncheon at the home of Mrs. Frank Wright, 270 N. Madison, Pasadena, on Thursday, March 16. In the afternoon the section held its regular business meeting, Mrs. Minnie Kimball reviewing "The Skylark," by Shelly; Mrs. J. E. Buie "The Leper," by Willis, and Mrs. J. C. Dickson, "Enoch Arden," by Tennyson.

### The Club "At Home"

Those who enjoyed the hospitality of the Club, which the hostesses, Mesdames Sadler, Klunk, Lees and Griebnow so delightfully arranged for last Friday evening, report a splendid social evening. Hundreds of shamrocks, fashioned from green crepe paper, brightened the interior of the club house, and an abundance of mountain laurel added to the decorations. The St. Patrick idea was also in evidence in the serving of refreshments and prizes awarded and in the costuming. Mrs. C. W. Jones received a prize for the highest score in 500, and Mrs. Stanley Pascoe for the highest in bridge. Consolation prizes were awarded to Mrs. Palmer Rhodes and Mr. Ashley Smith. An Irish dialect song, given in costume by George Burke, came as a delightful surprise and elicited genuine applause. The later evening was spent in dancing.

### NOTICE OF ELECTION

Notice is hereby given that a General Municipal Election will be held in the City of Sierra Madre, California, on Monday, the 10th day of April, 1922, for the following offices:

3 members of the Board of Trustees, four year term.  
2 members of the Board of Trustees, two year term.

There will be one voting precinct for the purpose of holding said election, consisting of the consolidation of the regular election precincts, Sierra Madre City Precinct No. 1, Sierra Madre City Precinct No. 2, Sierra Madre City Precinct No. 3 and Sierra Madre City Precinct No. 4, established for holding the General State and County elections, and the polling place thereof shall be at the City Hall, Room F, Kersting Court, in the City of Sierra Madre, and the Board of Election appointed for such General Municipal Election is as follows:

Inspector: Edgar F. Ballou.  
Judges: Leigh Pruden, Sylvia C. Merrill.

Clerks: Minnie E. Kimball, Marion E. Lees.

The polls will be open between the hours of 6 o'clock a. m. and 7 o'clock p. m.

L. DIETZ,  
City Clerk of the City of  
Sierra Madre.

Dated March 10th, 1922.

### The "City of Flowers."

In Florence, Italy, the famous orrisroot perfumes are produced from the roots of the large pale purple iris or flag, which is grown extensively throughout the surrounding districts.

## NEW GUIDE FOR AUTO CAMPERS

Forest Service Will Co-operate to Make National Forests Useful to the Public

From a study of the recreation travel within and adjacent to the National Forests of California the Forest Service has found that fully 80 per cent of those who travel by automobile are prepared to camp. Appreciating the importance to this large camping public of reliable data on improved camping places, the Forest Service has prepared a Guide for Automobile Campers in California.

According to District Forester Paul G. Redington, this guide will contain a short description of all the improved public camps on the National Forests in California, and a list of practically all of the cities and towns in California and Nevada that maintain public automobile camp grounds.

### Fire Permits Required

"This season," said Redington, "camp fire permits will be required on all the National Forests in California, and the guide, in addition to other information of value to campers, will contain a word of caution regarding forest fires and a complete list of Forest officers, automobile club agencies and municipal and civic organizations that will issue free camp fire permits during the season of 1922. "This guide," continued Redington, "will be available for distribution after May first at all Forest offices, Automobile agencies and Automobile camps listed in the booklet. The Forest Service hopes that this guide will prove to be popular with the camping public."

### TOUR DE LUXE FOR TOURISTS

For the accommodation of tourists returning to their homes in the east this spring, the Southern Pacific has made arrangements to operate a "De Luxe Train" from Southern California, connecting with their palatial steamship "Creole" at New Orleans, thence direct to New York, crossing the Gulf of Mexico, along the Florida Coast, sighting the famous Florida resorts, and on to New York City.

High-class all steel Pullman equipment will be provided for this special train and the Southern Pacific has arranged to place one of their French chefs on the dining car; special menus will be provided featuring Southern cooking.

All space on the steamship "Creole" has been reserved for this De Luxe tour and many special privileges will be accorded passengers en route. The party will be personally conducted and special entertainment will be provided.

This special train will leave the morning of April 9th, reaching New York the morning of April 17th. Reservations can be made through G. E. Mesecar, agent for the Southern Pacific and P. E. Railway.

### Too Much to Ask.

FRIDAY, MARCH 24, 1922.

### CASE AGAINST SINGLE TAX

President E. P. Clark of the Anti-Single Tax League disputes the argument that land values increase as the population increases, proving it as follows:

"The land owner bought the land with money. He lives in Riverside. He paid \$3,000 an acre for orange lands in 1887. The population was less than 100 families. Twenty years later the same orange lands could be bought for \$2,000 an acre, and the population of Riverside city alone was over 15,000. So land values are not entirely due to population."

Fallacy of Mr. Clark's argument lies in failure to distinguish between actual value and boom price for that Riverside land. Speculation and various manipulations affect prices. But land has value chiefly for use with respect to population.

Single taxers are usually wrong in theory and still more often in the application thereof. But the way to combat a fallacy is not by advancing another fallacy.

### : BY THE WAY :

"Canned milk from contented cows!" Yeah, but what has the can to do with a contented stomach?

If you want to start an argument, pronounce it "vee-tam-in." The office cat says the new dictionary authorizes it—also "vai'-tah-meen." But it is not nearly so important to pronounce it right as to get plenty of them in your food.

Being bothered to death with invitations is said to be one penalty of fame. Well, if you want to be alone after you get a reputation, just keep it a secret.

Scientists say microscopic life is found in the deepest oil well borings. Probably the germs which infected the original wild cat oil investors.

An exchange says: "If you still want to say it five years after it occurred to you it must be worth saying." Very well, here it is again: If your business isn't worth advertising, advertise it for sale.

Chicago's \$10,000,000 fire burned a few "fireproof" skyscrapers. Too bad they didn't send for the Sierra Madre fire department. Being three hours earlier by the clock, the boys might have staged one of their quick runs and arrived in time for the last alarm.

Please pass the bonus. Need not cost anybody a thing. An eastern paragrapher suggests that congress leave it for posterity to pay, then pass birth control laws so there won't be any posterity.

"Bump the bumps" is the sign you give when entering or leaving Sierra Madre by way of Baldwin avenue. The bumps at the intersection of Live Oak must have been designed for the benefit of the Amalgamated Spring Makers and Repair Men. The rest of the hill being relatively smooth, the autos hit those bumps so hard the noise keeps the neighborhood awake.

New Jersey poker player fell dead on the table when dealt a royal flush. Probably figured the dealer was leading him to a skinning and he might as well "cash in" at once.

Ought to be a license imposed on the "of me" poets who write about "the heart of me," "the feet of me," "the joke of me," etc., etc. Can't see the poetic beauty for the life of me.

### LINES TO A PENCIL

I know not where thou art.  
I only know  
That thou wert on my desk  
Peaceful and contented,  
A moment back.  
And as I turned my head  
To light a pill,  
Some heartless wretch  
Went South with thee.  
I know not who he was;  
Nor shall I investigate.  
Perchance  
It may have been  
The guy I swiped thee from.

### PILGRIMAGE TO ST. RITA'S NEXT SUNDAY, MARCH 26

Lenten Observance Expected to Bring  
Large Crowd to Services  
at Shrine

The third annual Lenten Pilgrimage to the Shrine of St. Rita is expected to bring a very large number of people to Sierra Madre next Sunday. Invitations have been sent by Rev. Father Woodcutter to the 2,000 members of St. Rita's Society. While the members of the society are scattered all over the world and many of them are out of reach, so far as the pilgrimage is concerned, by far the largest part of them are in Southern California. It is expected that many will respond to the invitation and bring friends with them.

Special interest attaches to the pilgrimage at this time by reason of the fact that work has already begun on the new shrine, to be erected on North Baldwin avenue between Grand View and Alegria. Excavations have been made and concrete work already commenced.

#### Special Services

Ceremonies in connection with the pilgrimage will commence at 3:00 p. m. The Pacific Electric Railway has promised special trains leaving Los Angeles every 20 minutes between 1 and 2 p. m. for the benefit of those wishing to come especially for the afternoon service. Masses will be said also in the morning at 7:30 and 9:30. This will afford an opportunity to many outsiders to spend the day near the Shrine.

#### NOTICE OF SCHOOL

#### BOND ELECTION

NOTICE IS HEREBY GIVEN to the qualified electors of Sierra Madre City School District of Los Angeles County, California, that, in accordance with the provisions of the Political Code of the State of California, an election will be held on the 4th day of April, 1922, at the Sierra Madre School House in this School District, between the hours of 8 a. m. and 6 p. m. (during which period and between which hours the polls shall remain open), at which election the question of issuing and selling bonds of said district to the amount of TWENTY THOUSAND DOLLARS for the purpose of raising money for making alterations or additions to any school building of buildings shall be submitted to the qualified electors of said District and be voted upon.

The said bonds proposed to be issued and sold shall be of the denomination of One Thousand Dollars each and shall bear interest at the rate of five and one-half per cent per annum, payable semi-annually, and shall be numbered from 1 to 20 consecutively, payable as follows:

Bond No. 1, to run 1 year,  
Bond No. 2, to run 2 years.  
Bond No. 3, to run 3 years.  
Bond No. 4, to run 4 years.  
Bond No. 5, to run 5 years.  
Bond No. 6, to run 6 years.  
Bond No. 7, to run 7 years.  
Bond No. 8, to run 8 years.  
Bond No. 9, to run 9 years.  
Bond No. 10, to run 10 years.  
Bond No. 11, to run 11 years.  
Bond No. 12, to run 12 years.  
Bond No. 13, to run 13 years.  
Bond No. 14, to run 14 years.  
Bond No. 15, to run 15 years.  
Bond No. 16, to run 16 years.  
Bond No. 17, to run 17 years.  
Bond No. 18, to run 18 years.  
Bond No. 19, to run 19 years.  
Bond No. 20, to run 20 years.

The following named persons, being competent and qualified electors of this School District, are hereby appointed officers of election to conduct said election to-wit: Rose W. Snell, as Inspector, and Lillian W. Young and Marie C. Lord, as Judges; and said Inspector and Judges shall make return of said election, pursuant to law.

IN WITNESS WHEREOF we have hereunto set our hands this 10th day of March, 1922.

BLANCHE M. PARKER,  
GEORGE S. ANDERSON  
ETHEL H. HAWKS.

Trustees of Sierra Madre City School District of Los Angeles County, California. c26

### CO-OPERATE FOR PUBLIC HEALTH

State and Federal Forest Officials  
Unite in an Effort to Protect  
Mountain Streams

Do you go camping? Last year, according to District Forester Paul G. Redington, over one and one-half million people visited the National Forests in California, and most of them camped.

As you no doubt know, nearly all the large streams of California have their headwaters in the National forests. Many of these streams furnish drinking water for numerous cities and towns throughout the state. In view of the ever increasing number of people who are visiting the mountains the State officials realize the great danger of contamination to the water supply of these cities and towns.

For the purpose of securing better sanitary protection on lands within the National Forests, the California State Board of Health and the United States Forest Service have entered into a co-operative agreement whereby the State Board of Health will deputize Forest officers as sanitary inspectors. Under the authority vested in these appointments the Forest officers will have full power to enforce the State laws and they will see that sanitary practices are observed on the National Forests.

Redington said there are three main things to remember when you go into the mountains: "Be careful to see that your camp fire is out before you leave it; don't pollute the streams; leave your camp clean for the next person."

"These requirements," he continued, "care with fire and a clean camp, are the signs of a real woodsman, an old timer in the woods. If you are one of these you need not worry the next time one of the new deputies visits your camp."

## PLUMBING

Entrust your work with us and thus be assured  
of FIRST GRADE MATERIAL, installed by  
SKILLED MECHANICS

## FINISH HARDWARE

We carry LOCKS, BUTTS, etc., in several patterns and finishes, and our buying facilities make it possible to MEET CITY PRICES, at same time giving you advantage of HOME service.

### THE OLD PEPPER TREE

(Jack Mitchell)

(From a little book of verse by the same author, be issued soon from the Sierra Madre Press)

What kindly hand, long, long ago  
Set your young roots into the sod,  
And gave your tender trunk to grow  
Into this handiwork of God?

You have been true unto the plan;  
The goodly deed has borne rich fruit,  
For you have shaded child and man  
And blessed the passerby to boot.

The careless linger at your base;  
The thoughtful stop to think awhile  
As, through your fingers' interlace,  
There comes the soft sun's golden smile.

Thou'rt not alone in homely hearts  
Enshrined until the heartbeats end,  
For I, who come from many parts,  
Have learned to love you as a friend.

And when a slow-stepped cavalcade  
Passes 'neath your blessing hand,  
And I no more shall need your shade,  
Just nod, old Friend—I'll understand.

### BIG PROGRESS OF EDISON COMPANY

Annual Report of President Shows  
Extent of Consumer Participation in Business

Significant as demonstrating the growth and prosperity of this community, and Southern and Central California, are the facts appearing in the annual report of the Southern California Edison Company, which was presented by President John B. Miller at the annual meeting of stockholders at Los Angeles.

Many of the partner-stockholders of the company reside in this vicinity.

According to the report, the gross earnings for the year 1921, including net non-operating revenue, amounted to \$16,645,722.37; the net earnings were \$9,709,756.97; the interest and amortization \$3,940,830.36; provision for depreciation \$2,325,000.00; dividends paid for the current year amounted to \$2,758,385.69, being eight per cent on the first Preferred and Common stock, and five per cent on the second Preferred stock. The total capital or new construction expenditures for the year 1921 amounted to \$14,228,692.94. The principal items of this expenditure were: Water power development \$8,119,418.11; extension of the electric distributing systems \$4,729,962.23, and for the purchase of Santa Barbara Electric Company system \$1,391,709.70. The budget for new construction expenditures for the year 1922 amounts to \$22,534,000.00, as compared with \$14,228,692.94 for the year 1921 as noted above.

Under "Security Sales and Financing" the report shows that \$14,372,900.00 worth of stock was sold to the general public. During the year the number of stockholders has increased from 7,197 on December 31, 1920, to 25,647 on December 31, 1921. At the end of 1920, 1,618 employees were stockholders, this number being nine-

ty-eight per cent of the permanent force.

The company brought into service during the year 94,000 horsepower. This included the Kern River Number Three plant with 42,000 horsepower, and additional unit in Big Creek Number Eight of 30,000 horsepower. This latter plant was placed in operation three months after the first concrete had been poured.

In order to keep pace with the growing demands for power, the report states, a new power house is being started, known as Big Creek Number Three. The ultimate capacity of this plant will be 200,000 horsepower, consisting of six units of 33,300 horsepower each. The first unit will be put in operation in May, 1923, the second unit in July, and a third unit in February, 1924. The other units will be added as the demands for power require. These units will be the largest of their kind on the Edison system, resulting in greater economy of operation.

### Was It Coincidence?

Next time you see your typewriter note that all the letters composing the word "typewriter" are found in the top row. It may have been only a coincidence, or the inventor of the standard keyboard may have arranged it so on purpose.—New York Evening Post.

### BROADOAKS GIRLS

#### OFFER VAUDEVILLE

Girls of Broadoaks school, Pasadena, will present a vaudeville program in the Woman's Club house next Thursday evening, March 30, under auspices of the Woman's Club. The program was given recently before the Shakespeare club of Pasadena and scored a tremendous hit. The numbers were under the direction of Miss Cloyd Duvall Dalzell and are as follows:

1. Columbine and Pierrot.
2. Columbine Dance.
3. Chinese Grouping in Old Chinese Rhymes.
4. Dance, "Poet's Love."
5. "High Cost of Barbaree," a spectacular bit of pantomime and drama.
6. Group of Old Fashioned Songs, in Colonial Costume.
7. Sketch of Midnite Fantasy (Drama).
8. Dutch Dance of Tulip Time.
9. Spanish Number—Pantomime and Dance.
10. "Eskimodrama."
11. Dance, "The Country Courtship."
12. Finale, "The Darky Spirituals."
